

Newport Forest

October 19 2002

2:00 - 7:15 pm

Weather: prec. 5 mm; overcast; calm; LM 9C; FCF 9C

Purpose: to look for Junior

Participants: Pat, Kee

The weather was unseasonably cold. I rested in the trailer, while Pat went for a walk to look for Junior. We had supper in the trailer and waited until after sundown for Junior to show up. Has he been driven off by the local coons? I put some food in bag and placed the bag up in Junior's box at the end of the pole pruner, so as to avoid having to climb the tree.
