

Newport Forest

Saturday June 17 2006

2:45 - 5:15pm

Weather: prec. 0mm; RH 37%; clr; calm; LM 28C; FCF 24C

Purpose: watering and trail maintenance

Participants: Kee and Abid

We watered the gate trees, took on a load of water for the LM, and started to bury the TS drainpipe.

At the trailer, we put out birdseed, watered the newly planted trees, and worked on about 100m of the FCT on the south bank. Tools were left in place for our return.
