

**Newport Forest**

Tuesday July 10 2007

1:45 - 5:20 pm

**weather:** prec. 0 mm; RH 57 %; BP 29.20"; sn/hz; S 0-15 kmh; LM 36 C

**purpose:** a visit with Donner

**participants:** Kee, Donner (older brother)

We walked down to the bridge, then worked for an hour sawing through a very tough bitternut trunk with a rather dull saw. Donner sweated. I thought we might both have heart attacks.

We then walked the entire TRT, I proposing that we would walk only the first little bit. Donner kept saying, "I'm fine." So we continued.

After we left, I took Donner over to have a visit with Eva.
