

# CS1027: Introduction to Computer Science II

## Spring 2019

---

### Course Outline

#### Calendar description

A continuation for both Computer Science 1025A/B and Computer Science 1026A/B. Data organization and manipulation; abstract data types and their implementations in a modern programming language; lists, stacks, queues, trees; pointers; recursion; file handling and storage.

Antirequisite(s): Computer Science 1037A/B, Computer Science 2121A/B, Digital Humanities 2221A/B.

Extra Information: 6 lecture hours per week, 4 laboratory/tutorial hour per week

#### Course Syllabus

The objective of this course is to introduce students to the topics below, as well as evaluate programming skill and understanding of course concepts through labs, programming assignments and written exams.

- Introduction to Software Engineering Concepts
- Object oriented programming using Java
- Inheritance in Java
- Abstract Data Types: Lists, Stacks, Queues, Trees
- Analysis of Algorithms
- Sorting and Searching
- Recursion

#### Course Prerequisite

*Computer Science 1025A/B or 1026A/B with at least 65%.*

Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you will be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

#### Course Information

##### Lecture

Tuesday and Thursday, 7-10pm

##### Labs

Students must attend the labs for which they are registered.

002	Tuesday and Thursday	5-7pm	beginning June 20
003	Wednesday	5-9pm	beginning June 19
004	Friday	5-9pm	beginning June 21
005	Wednesday and Friday	3-5pm	beginning June 19

#### Instructor Information

Ahmed Ibrahim  
Office: Middlesex College 365

aibrah64@uwo.ca  
Office hours: Tuesday 5:30pm to 6:30pm or by appointment

## Recommended Textbook

Java Software Structures: Designing and Using Data Structures, Lewis and Chase, Addison Wesley, 4th Edition

## Teaching Assistant (TA) Information

TA Name	eMail	Office Location	Office Hours
Abdel-kareem Jaradat	ajarada3@uwo.ca	Middlesex College - Room 4A	Tuesday from 4pm to 5pm
Anshuman Shukla	ashukl6@uwo.ca	Middlesex College - Room 4A	Thursday from 4pm to 5pm

## Student Evaluation

Component	Final Grade Weight	Tentative Date
Assignment 1	5%	June 21
Assignment 2	10%	July 5
Assignment 3	15%	July 19
Labs	10%	Ongoing
Midterm Exam	20%	Saturday July 13 from 2-4pm @ WSC 55
Final Exam	40%	TBA

If for any reason the assignment schedule given above cannot be adhered to, the assignment marks will be pro-rated (the 3 assignments are worth 30% of the overall mark for the course. If an assignment has to be canceled for any reason, the remaining assignment weights will be prorated to add up to 30%).

If for any reason the midterm examination has to be cancelled, the final exam will be worth 60% of the final mark. There will be **NO makeup** Midterm Exam

- One exception is for students requesting a Special Midterm Exam for religious reasons. These students must have notified the course instructor and filed documentation with their Dean's office at least 2 weeks prior to the Midterm Exam.
- If you miss the midterm exam for any valid reason, follow the procedure for Academic Accommodation for Medical Illness given below. If accommodation is approved by your Dean's office, your final exam mark will be re-weighted to include the weight of the midterm exam.

There are no electronic devices of any kind permitted during exams, including smart watches Specific policies regarding passing the course or receiving a grade over 65%

- To be eligible to receive a **passing grade** in the course (50% or higher), your average on the exams must be at least 50%, **and** your average on the course load (3 assignments and labs) must be at least 50%. Otherwise your final grade cannot be greater than 45%.
- To be eligible to receive a grade of 65% or higher in the course (i.e. to be eligible to go on in a Computer Science module), your average on the exams must be at least 60% **and** your average on the course load (3 assignments and labs) must also be at least 60%. Otherwise your grade cannot be greater than 55%.

## Final Exam

- Under extenuating circumstances that are pre-approved, where a student is unable to write the final exam, the student has to request a deferred final exam prior to the examination time. The deferred final exam policy, as well as the university examination regulations, will be applied.
- INC grade is not granted, and a decision will be made according to the university examination regulations.

## Class Success

- You are strongly encouraged to attend all the lectures. The lectures' slides will be posted on **OWL** and should be used to complement the in-class lectures and not to replace them.
- To make this class a success, you must attend class on a regular basis, do the readings in advance of attending the lectures, and make a good faith effort to contribute to classroom discussion.
- Feel free to use electronic devices in class but please use them for **academic purposes only**.

## Email Contact

### Check your UWO email

We occasionally need to send email messages to the class or to students individually. Email is sent to your UWO email address as assigned to you by ITS (Information Technology Services). **It is your responsibility to read this email frequently and regularly** (daily is recommended). You may wish to have this email forwarded to an alternative email address. See the ITS website for directions on forwarding email. In general, email servers like hotmail and yahoo have not always been reliable in previous years. Always test email forwarding.

### Make sure your UWO inbox has not exceeded its quota

You should note that email at ITS and other email providers may have quotas or limits on the amount of space they dedicate to each account. Unchecked mail will not accumulate beyond these limits and will result in emails to you being lost. You may be unable to retrieve important messages from your instructors (and you may not know this is happening). Make sure your email quota limits are always satisfied.

### Ask questions by email to the instructors or TAs from your UWO account

- You are encouraged to contact the course instructor via email, with concise and appropriate questions you may have regarding course and lecture materials or clarification of assignments.
- Note that email sent from accounts different from ITS may not reach its destination (for example, such email may be trapped by a spam filter). Always send your course emails from your UWO account.
- Email messages must be sent from your UWO account and **MUST** include: "**CS1027b:**" in the subject line. Email messages without "**CS1027b:**" in the subject line will automatically be trapped by the instructor's SPAM filter and will **NOT** be available, read or responded to. Also – include the topic of the email (what the email is about) in the subject line.

## Labs

Lab instructions will be available on the course website in advance, and students must bring a hard copy to the lab. It is expected that students will come *prepared* to the labs by reading the instructions and performing the preparatory work in advance.

- Labs begin during the **first** week of classes
- There is a total of 11 labs.
- Each completed lab is worth around 1.0% of your final grade. You are not required to complete all labs. There are no bonus marks for completing more than 10 labs.
- You must attend the lab session for which you are registered. There are **NO** make-up labs and students who are absent for a lab do not have the option of attending another lab. We encourage students who encounter serious health or personal difficulties to contact their Dean's office.
- Students **MUST** bring their UWO identification to all labs.

## Assignments

Assignment descriptions, including possible changes, updates, and clarifications will be posted on the course website (on **OWL**). Instructions for the submission of assignments will also be posted on the course website (on **OWL**) as well.

- Assignments are due at **5pm** on the due date.
- We may use sophisticated software to detect cases of plagiarism.

- Late assignments will be penalized at a rate of **15% of the maximum mark per day of lateness**. An assignment which is more than **1 day** late will be given a mark of 0%.
- Your assignments may be prepared on a computing system other than the ones provided by the Computer Science department. However, students **MUST** ensure that their submitted programs run correctly on the equipment of the Computer Science department.
- There are no extensions given for assignments. However, in the event of serious medical or compassionate grounds, a student should take supporting documentation to the office of the Dean of their faculty, who will contact the instructor. Workload, exams, minor illnesses, and home computer problems are not valid reasons for being unable to complete an assignment within the allotted time.
- It is the student's responsibility to keep fresh backups of assignments files in case of system crashes or other unforeseen events.
- Assignments are marked by **teaching assistants**. You are responsible for retrieving your marked assignment and ensuring the grade reflects your work correctly within **one week** following their return. Past this period, assignment marks are considered final.
- If you have any questions regarding an assignment mark, you must first contact and discuss your concerns with your teaching assistant. If the matter remains unresolved, you may then take your concerns with your course instructor.
- **No** assignments will be accepted after the last day of classes.

## Accessibility

Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 661-2111 x 82147 for any specific question regarding an accommodation.

## Mental Health

Students who are in emotional/mental distress should refer to Mental Health website: Health@Western, <http://www.uwo.ca/uwocom/mentalhealth/> for a complete list of options about how to obtain help.

## Tutoring

The role of tutoring is to help students understand course material. Tutors should not write part or all of an assignment. Having employed the same tutor as another student is not a legitimate defense against an accusation of collusion, should two or more students hand in assignments considered similar beyond the possibility of coincidence.

## Academic Accommodation for Medical Illness or Serious Circumstances

If you are unable to meet a course requirement due to illness or other serious circumstances, you must provide valid medical or other supporting documentation to your Dean's office as soon as possible and contact your instructor immediately. It is the student's responsibility to make alternative arrangements with their instructor once the accommodation has been approved and the instructor has been informed. In the event of a missed final exam, a "Recommendation of Special Examination" form must be obtained from the Dean's Office immediately. For further information please see

[www.uwo.ca/univsec/pdf/academic\\_policies/appeals/accommodation\\_illness.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_illness.pdf).

A student requiring academic accommodation due to illness should use the Student Medical Certificate when visiting an off-campus medical facility or request a Record's Release Form (located in the Dean's Office) for visits to Student Health Services. The form can be found here:

[www.uwo.ca/univsec/pdf/academic\\_policies/appeals/medicalform.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf)

For accommodation for work worth at most 10% of the final mark the student needs to contact the Dean's Office.

## Ethical Conduct

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a scholastic offence, at the

following [http://www.uwo.ca/univsec/pdf/academic\\_policies/appeals/scholastic\\_discipline\\_undergrad.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf).

- **All assignments must be completed individually.** You may discuss approaches to problems with other students, however, the work handed in must be your individual effort.
- Students must write their essays and assignments in their own words. Whenever students take an idea, or a passage from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing in the form of footnotes or citations. Plagiarism is a **serious** and **major** academic offence (see the scholastic offence policy in the Western Academic Calendar).
- Assignments that are judged to be the result of academic dishonesty will, as a first offence, be given a mark of 0%. Students are responsible for reading and respecting the Computer Science Departmental policy on [www.csd.uwo.ca/UnderGrad/scholastic\\_offences.shtml](http://www.csd.uwo.ca/UnderGrad/scholastic_offences.shtml) and [https://www.csd.uwo.ca/current\\_students/undergraduate\\_students/rules\\_of\\_ethical\\_conduct.html](https://www.csd.uwo.ca/current_students/undergraduate_students/rules_of_ethical_conduct.html).
- We will use sophisticated software to detect cases of plagiarism.

## Academic Policies

In accordance with policy, <http://www.uwo.ca/its/identity/activatenonstudent.html>, the centrally administered e-mail account provided to students will be considered the individual's official university e-mail address. It is the responsibility of the account holder to ensure that e-mail received from the University at his/her official university address is attended to in a timely manner.

## Support Services

- Registrarial Services are available at [www.registrar.uwo.ca](http://www.registrar.uwo.ca)
- The policy on Accommodation for Students with Disabilities can be found here: [https://www.fims.uwo.ca/current\\_students/undergraduate\\_students/policies/index.html](https://www.fims.uwo.ca/current_students/undergraduate_students/policies/index.html)
- The policy on Accommodation for Religious Holidays can be found here: [www.uwo.ca/univsec/pdf/academic\\_policies/appeals/accommodation\\_religious.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_religious.pdf)
- Additional student-run support services are offered by the USC, <https://westernusc.ca/your-services/>.
