a safe, supportive community for women facing homelessness

Without you,  
there is no M.E.!

The **Micro-Enterprise (M.E.)** is a group of women who are at immediate risk of homelessness, and it is these brave women who create original jewellery and fashion accessories. M.E. empowers these women, and has led to employment and even entrepreneurial opportunities. M.E. is designed to allow at-risk artisans to: **create something beautiful, gain a sense of purpose and business knowledge, and most importantly, gain companionship.**
